Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

Reason for allowance

1. Applicant is advised that the Notice of Abandonment mailed 03/26/02 is vacated following the petition to revive application from abandonment.

The following reasons for allowance is the same (copied) from the previous notice of allowance sent out on 08/13/01.

Allowable Subject Matter

2. Claims 1-12 are allowed with claims 4-12 allowed by a previous Office Action (paper number 4).

The present invention is directed to adjusting an amplification amount of the voice signal depending on whether or not the data from the base station includes both the voice signal and the image datum. The closest prior art, Harris (US 6,009,336) shows a similar system which comprises a wireless device such as a cellular radiotelephone that has video capability and speaker phone so that a user can hear and watch the video data at the same time. However, Harris fails to "adjust an amplification amount applied to the voice signal depending on whether or not the data transmitted to the portable telephone from the base station in an establishment time of a data link include a discrimination datum which represents both voice signal and image datum". This distinct feature has been added to the independent claim 1 and renders it allowable.

Claims 2-3 are allowed as being depended upon independent claim 1.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
